

IMPORTANT NOTICE FROM PEHP ABOUT PEHP's 2018 MEDICARE D DRUG PLANS

Please read this notice carefully and keep it where you can find it. This notice has information about PEHP's Medicare drug plans. This information can help you decide whether or not you want to enroll in PEHP's Medicare drug plan. If you are considering enrolling, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about the PEHP prescription drug plans and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you enroll in a Medicare Prescription Drug Plan or enroll in a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. PEHP has determined the 2018 Medicare drug plans offered by PEHP are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing prescription drug coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a PEHP Medicare drug plan.

When Can You Enroll in a Medicare Drug Plan?

You can enroll in a Medicare drug plan when you first become eligible for Medicare and each year thereafter during Medicare open enrollment from October 15 to December 7. Coverage begins on January 1 for those enrolling during open enrollment.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to enroll in a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Enroll in a Medicare Drug Plan?

If you decide to enroll in a PEHP Medicare drug plan, or a Medicare Advantage Plan that includes a drug plan, your current Medicare Drug coverage may be affected in accordance with the Centers for Medicare and Medicaid Services (CMS). **The 2018 PEHP Medicare D drug plans provided by PEHP are creditable.** If you decide to enroll in a PEHP Medicare drug plan and drop your current prescription drug coverage, be aware that you and your eligible dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) to Enroll in a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage and don't enroll in a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to enroll in a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.
